

having a non-reflective colored and finished exterior in the form of a predefined clearly demarcated geometric shape which provides a non-verbal communication to others; and

(b) within a week after application of the non-[reflective] toxic material having a non-reflective colored and finished exterior from step (a), removing it.

17. (Amended) A decal or temporary tattoo having a clearly demarcated geometric and predefined shape and dimensioned to substantially cover the area of a reflective location on the cheek at which incident direct or indirect light is likely to be reflected into the human's eye, said temporary tattoo or decal being non-toxic and having an exterior, when applied, surface of non-reflective colored and finished material of sufficient size and non-reflectivity to substantially eliminate the reflection of incident direct or indirect light off the human's cheek into the human's eye.

Claim 2, line 3, after "material" insert --and its location--; line 4, change "eliminates" to --eliminate--.

Claim 8, lines 3 through 5, delete "the logo ... athletic contest".

Claim 9, lines 6 through 8, delete ", or any ... spectrum".

Claim 18, lines 4 through 7, delete ", no part ... eyes".

REMARKS

Reconsideration is respectfully requested of the objection made at the top of page 2 of the previous Action. There are no alterations made to the application specification or claims. While there are some handwritten changes to figure 8 of the drawings, it is common on informal drawings (which these are as clearly
